Lunch at Noon

Behind the scenes at Redland Red Angus

Redland Red Angus is a family operation but yet it all couldn't come together without the help of a very talented crew. With an irrigated farm operation and native grazing for the cows, the outfit couldn't operate as successfully as it does without our crew:

Chad and Erin Fink

Chad and Erin just celebrated their 20th year here at Redland Red Angus and we are so fortunate for their hard work, loyalty, and friendship. What a ride it has been!! Chad and Erin keep an

eye on any and all that happens in the Hysham Hills, from riding pastures, calving, feeding, and fence and well maintenance. They are also instrumental

in spotting fires throughout the summer and are a large part of the Hysham Volunteer Fire Department. Not only that but they are always helping in the feedlot as well.

Reagan and Hazen are great at lending a hand as well! Reagan is 16 and knows the ins and outs of ranch life. She loves to ride, rope, and works seamlessly side by side with her folks. Reagan is also actively involved in 4-H and FFA, as well as Volleyball and Basketball.

Hazen is 9 and is just starting his first year as a full-fledged 4-H member! He enjoys everything involved with livestock as well as the outdoors! He helps gather, brand and takes good care of the bum calves. We couldn't do it without all of them!

Chance Eaton

Chance Eaton has thankfully stepped in and trimmed the bulls the last two years. He does a wonderful job making them presentable and keeping them calm at the same time! Chance was one of our first Nile Merit Heifer recipients and we are so happy that he takes care of the trimming of the bulls.

Larry and Vicky Fink

Our sale office could not run without the efficient manner of Larry and Vicky.

Matt Lane

This is the sixteenth year that Matt Lane has ultrasounded the bulls. We feel it is an important part of our operation and we value the information he provides. Carcass is an important part of the industry and we have been breeding for it since the 90s.

Treasure Vet Service

Dr. Dick and Dr. Baylie are just a phone call away for us. They fertility test the bulls as well as provide us with answers to any and all health questions.

Clark Pinkerton

Brand Inspector Clark is invaluable in getting us the paper work to get the cattle on the road.

Scott Fraser (406) 860-6548—Frontier Live Sale
Elizabeth Caskey (706) 513-4951—Commercial
Marketing Specialist RAAA

Absentee Bids:

Anyone wishing to bid who cannot attend the sale may place phone bids by calling (406) 342-5879 or (406) 342-5467 sale barn phones. You may also call any member of the family cell phone prior to the sale or log onto frontierlivesales.com the day before and register to bid.

Veterinarians:

Dr. Richard Cunningham, DVM, Dr. Baylie, DVM

Health:

Herd health is excellent. Individual health papers will be furnished for shipment anywhere. A comprehensive herd health program has included sound herd health management practices and an annual vaccination program. All bulls in the sale have had a fertility examination and are semen tested.

Fertility:

Bulls are semen and fertility tested. Scrotal measurements will be available sale day.

Ultrasound:

Bulls have been carcass ultrasound tested. Results will be available sale day.

Guarantee:

Every animal in this sale is, to the best of our knowledge, free of any disease or defect. Any known defects will be called at sale time. All bulls in the sale are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Terms & Conditions:

Terms of the sale are cash. Every animal will be sold to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in the catalog information on sale day take precedence over printed material in this catalog. All cattle are the buyer's property as soon as sold and will be cared for, for a reasonable length of time, at the buyer's risk. Any person attending the sale does so at his own risk. Neither the sale management, owners, nor any person connected with this sale assumes any liability, legal or otherwise.

**Registration and
Transfer:**

Registration certificates will be transferred to the buyer upon his request, at the seller's expense. Buyers must give the settlement clerk complete name and address information for making transfers.

Delivery:

Free delivery to central points in adjoining states on registered cattle. Bring your trailer on sale day and get \$50 off per bull.

Hotel Accommodations:

Howard Johnson, Billings, MT 1-844-228-3971
Rails Inn, Forsyth, MT 1-406-346-2242

Contour has been a staple in our operation for a few years now! We really like his bull calves as well as his females and he has improved the carcass in our herd tremendously! Overall there isn't enough good that can be said about him. We have used him extensively on the registered as well as the commercial cows and heifers and our calving easy has improved and his calves really grow! As a yearling Contour had an actual REA score of 13.9 with a marbling score of 8.6 and he is in the top 6% of sires for his marbling EPD and top 22% of sires for Grid Master index. This year there are 9 sons in the sale that have an average BW of 78 pounds and average WW of 663 pounds.

This is the first year that we have used Stockyard. He is a son of the Stockmarket bull we used in the past. We were attracted to him for his carcass traits as he excels in Marbling with a 87 EPD which ranks him in the top 5% of sires in the Marbling trait. His calving ease combined with his growth have just been an added bonus! His calves have been easy keepers and grow to be fancy, stout made cattle. Stockyard has 10 sons in the sale this year that had an average birth weight of 79 pounds and an average weaning weight of 668 pounds. Overall, we have found to have tremendous success using the Stockyard bull this past year, and we are excited to see how he can continue to shape our operation in the future.

LOST CRK INTENSITY 1900

Intensity is a Relentless son that we have been using on our coming 3s. He is a fancy, stout sided, heavy muscled bull who can get out and move extremely well and we especially like him for his bone and foot! Intensity has an extremely calm disposition, and we have found that he has passed many of these favorable traits to his offspring! This is the last big group of Intensity calves we will be able to provide for you as he unfortunately got hurt last breeding season. Fortunately, we have semen available. We think you will find this set of intensity calves to be stylish, stout made, nice balanced bulls that are deep sided with plenty of muscle! Intensity is in the Top 6% of sires for Marbling and we are looking forward to the scan on these bulls. If you take a look at the Intensity bulls in the sale, there are 3 with an average BW of 78 and an average weaning weight of 650.

RED STOCKMARKET 203

This is the first set of calves we have got out of this Stockmarket son that we raised. We are really pleased with them, they come early and easy and grow well! What a pedigree he has with his sire being the famed Stockmarket E119 and his dam goes back to one of our longstanding sires, Contour. 203 has above average EPDs in all his categories, but the most impressive are his indexes at ProS top 3%, Herd Builder top 10%, and Grid Master top 6%. He also is in the top 5% for BW and the top 2% for Marbling. To back up his phenomenal carcass numbers he scanned a 7.17 IMF and a 17.5 REA as a yearling! Wow! Make sure to check out his calves sale day. There are 7 bulls in the sale with an average BW of 78 and an average weaning weight of 676 pounds.

Checkmate is another one of the new AI sires that we used this past year and he is an exciting one to get into the lineup! His birth to growth spread is phenomenal and combined with his carcass numbers he is definitely one to get excited about! He is a moderate made, heavy muscled bull with good feet and legs according to Select Sires! His sons are carrying that phenotype on, as he really stamps them with added muscle and dimension. Don't miss the 3 Checkmate sons that we are offering on sale day!

Confident is new to the line up this year. He is another one that we found to have a phenomenal birth to growth spread! He is in the top 29% for CED and BW EPDs and in the top 3 and 5% respectively for WW and YW. His carcass numbers are second to none with him posting numbers in the top 7% for Marb and REA and to 10% for CW. I am confident that you will be pleased with the 6 Confident bulls in this sale! They are fancy, deep sided, thick ended bulls, and we are excited to see what they will go on and do for your operation!

Energize is another new AI sire for us. He is one that comes at you with a low birth weight and calving ease, while still maintaining good growth! He comes with plenty of good carcass data, with him being in the upper percentiles of sires for marbling and his Grid Master index. Don't miss the Energize sons on sale day! They are a pretty uniform group of deep, thick made, stout sided bulls. There are 4 Energize sons in the sale, with an average birth weight of 86 and an average weaning weight of 688 pounds.

The Solid State calves have risen to the top from birth to weaning and beyond for us. We have been really pleased with what we are seeing from his offspring! The bulls weaned off exceptionally well and continued to grow. They are stout made, thick topped, deep sided bulls that can definitely add pounds to any program. The 6 bulls in the sale had an average BW of 83 and WW of 713 pounds!

What a bull to kick off the sale! Yellowstone boasts a solid set of numbers from his EPD profile that features calving ease and carcass, to his performance numbers. He was 80 pounds at birth and weaned off an actual weaning weight of 730 pounds!! Phenotypically Yellowstone is one that is a long bodied, stout made bull, that comes with a beautiful dark red color. We really appreciate this bull for his stoutness of structure and the shape he carries through his rib.

Red Powerful comes just like his name—full of power, and this bull bring you the full package. He is a super long bodied thick made bull, that comes with plenty of stoutness of structure. He has always been a standout, at 2 months he was easy to pick out of the group, and the same still goes for him today. He comes from a solid cow family from his mother to his grandmother! He had an actual weaning weight of 750 with a weaning ratio of 106.

Red Hay Maker is the only bull in the sale out of an older bull, Bieber Makin Hay. An '04 model that I really liked and was able to get my hands on just a few straws of semen. Now I only use it on the select top few!! 449 is one of those cows that knocks it out of the park every time she calves and this one is no exception. He is long, deep and thick, and has really come on in the last couple of months. Red Hay Maker is the 1/2 brother to the high selling bull in last years sale that went to the Redding Ranch.

This is a dark red Spartacus son! He is everything that you would want in a bull. Stout, thick made and deep! The Spartacus females are working really well for us. They keep their depth and spring of rib really well. They are long with good udders and feet and legs. This Spartacus son weaned off at 720 with ratio of 109.

5120 is the only bull out of Red Spartacus 368, a bull that we sold in the 2024 sale to Flint and Jana Hance. You won't be disappointed in him! Only that there isn't 10 more like him. What a power house! He is soggy middle, thick topped and still maintains his style and eye appeal! To top it off, he had an actual weaning weight of 740 which adjusted to 774 and he ratioed against his contemporaries at 115.

This is one of Reagan's bulls that goes back to her first 4-H heifer, Lexi! He has a stacked pedigree of Nexus, Relentless, and New Direction mixed in there. He is a very complete bull, that is nice clean fronted, moderate made, thick topped and dark red!

5132 goes back to Liz's first 4-H heifer. That was over 9 years ago!! Good cows and horses and dogs get old to quick!! Starlight has been a good one and the foundation of Liz's herd! Check out the adjusted 205 weight! You can count on Starlight to put some pounds in her calves. They are deep, soggy, easy feeding cattle!

FRONTIER LIVE SALE

This Sale will be broadcast live on www.frontierlivesale.com. To view a sale,

1. Create an account, if you have already done so skip to next step. To create a new account, click on the word **Registration** in the upper right hand corner. You must fill out the information requested. Then click **Create Account**. An email will be sent to your email account you provided. Please click the link in the email to activate your new account.

2. Once you click the link, your account will now be activated

3. At this point, you may click **Continue To Browse Our Site**. This will allow you to view all upcoming auctions.

4. Once you see the auction you are interested in, click **Get Approved To Bid** for absentee and live bidding.

5. Please enter your information in the form. Depending on the auctioneer, different information may be requested. Click **I agree to sale terms and conditions**. Congratulations! You are now approved for the auction. Now that you're approved you can participate in the auction and bid on its items.

6. Login on sale day with the credentials provided at registration.

Call 866-313-0123 for tech help.

50 FANCY COMMERCIAL YEARLING HEIFERS Lot: **82**

Selling 50 Fancy commercial yearling heifers!

We are offering 50 commercial yearling females. They have come right out of the heart of our commercial herd. They are a quiet, sound, functional group of heifers that have years of carcass backing them! What a way to start the foundation of your program or continue building on it! The buyer will be responsible for transportation, but we will work with you to help you facilitate that.

Buy with confidence, they are ready to work for you!

Red Angus Guide to EPDS and Indexes

ProS – Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include CED, ADG, HPG, STAY, MW, DMI, CW, MARB, REA and Fat.

Index | Dollars per Head | Higher Value

HB – HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning.

HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning.

This index is a combination of CED, CEM, WW, Milk, MW, HPG and STAY.

Index | Dollars per Head | Higher Value

GM – GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feed yard performance and carcass traits.

GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. This index is a combination of ADG, CW, DMI, MARB, Fat and REA.

Index | Dollars per Head | Higher Value

CED – Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams.

Percent | Higher Value

BW – Birth Weight predicts differences in actual birth weight of progeny. **Pounds | Lower Value**

WW – Weaning Weight predicts differences in 205-day weaning weight. **Pounds | Higher Value**

YW – Yearling Weight predicts differences in 365-day yearling weight. **Pounds | Higher Value**

ADG – Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. **Pounds | Higher Value**

DMI – Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period.

Pounds | Lower Value

MILK – Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. **Pounds | Higher Value**

ME – Maintenance Energy predicts the difference in maintenance energy requirements. **Mcals per Month | Lower Value**

HPG – Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. **Percent | Higher Value**

CEM – Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers.

Percent | Higher Value

STAY – Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. **Percent | Higher Value**

MARB – Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib.

Marbling Score Units | Higher Value

YG – Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. **Yield Grade Units | Lower Value**

CW – Carcass Weight predicts differences in actual hot carcass weight. **Pounds | Higher Value**

REA – Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. **Square Inches | Higher Value**

FAT – Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. **Inches | Lower Value**

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.
RedAngus.org

Dear Friends,

Welcome to our annual spring sale! This last summer we were lucky enough to celebrate Shirley's 90th birthday! Thank you to everyone that came and celebrated and also sent their best wishes. One of the family photos was from that party. How fun to celebrate with everyone and see the support that she received! The other family photo is from Thanksgiving where even Shirley's niece from Hawaii and her family were able to come celebrate with us. Now onto the business end!

Wow, what a year to be in the cattle business! Cattle prices have been at an all time high throughout the year, whether it be from canner cattle, cull bulls, bred heifers, or steers! We are so thankful and will enjoy it while it is here! With that we are looking to the future of the cattle industry and the Red Angus breed with this sale.

This is a nice, sound set of bulls we have selected for you! Just as an inside look at what to expect in the coming pages. The HB (herd builder) and GM (grid master) EPDs are indexes that were implemented to maximize profitability. The bulls are cataloged in sale order, so the Gelbvieh/Balancer bulls are mixed throughout. Red Angus bulls are printed in red, and the Balancer bulls are brown. There is something for everyone, as we are offering calving ease, growth, with a lot of quality carcass traits mixed in. As in years past we are feeding the bulls to optimize their feet and legs to provide a more work ready set of bulls. They are growing out well and will be ready to go to work for you. Scrotal circumferences and carcass information will be available sale day.

We are also offering a phenomenal set of yearling commercial heifers. These heifers come straight from the heart of our commercial replacement program and will be offered as a lot of 50 on sale day. We do not deliver heifers, so if you are planning on taking these girls home, they will be ready to go on sale day!

We will feed the bulls until April 1st, but if you take them with you the day of the sale, we will give \$50 off per bull. We also offer a 5% discount to volume buyers who buy 5 or more bulls.

Frontier Live Sale will again be providing video, phone, and internet bidding sale day. The videos will be available through www.frontierlivesale.com or on our website www.redlandredangus.com. As with the previous years we will be running the videos during the sale.

We always look forward to hearing from you and will try to help in any way. Stop in anytime to view the cattle, visit, or just have a cup of coffee and a bite to eat. Meeting and visiting with everyone is one of the things that we enjoy most about being in the cattle business.

Last but not least we would like to thank everyone for their support! Without our loyal customers we couldn't do the thing that we love! We really appreciate your interest in our program. Have safe travels and we hope to see you on the 7th.
